Planning applications

We have had no further news about the NHS appeal against non-determination of the planning applications relating to Warneford Meadow.

We have objected to the application for retrospective planning permission for the "wall" alongside Boundary Brook, asking that the wildlife corridor should be extended westwards if the wall is not taken down, and also pressing the council to be more assiduous in policing hospital developments.

Town Green

We anticipate that the Inquiry will take place in the autumn. Donations towards the eventual legal costs are welcome; contact Laura at No. 60 for details of how to give.
